

HAILA

Haila
So elusive and sublime
Need you more than ever
Here in this place and time

Haila
So alluring and divine
Lift us to the ether
Truth is so crystalline

Haila
So please mend our hearts and minds
Lift us to the ether
Love is so crystalline

TAKE ME AS I AM

Faith will you absolve me
Or hold me to fire
For all for all the fools I've been
Could you abide me
Trust this lonely squire
And take me as I am

Faith will you trust me
Forgive this naked liar
For all my wayward sins
Could you embrace me
And find it in your heart

To take me as I am

ROBERTA

She is the sun
She is the seed and water
She's the shaman
Don Juan's reckless daughter

The gift of purpose
A path to call my own
All these gifts
From my muse
Roberta, Roberta

DOWN TO THE WIRE

It comes down to the wire
(down to the wire)
It comes down to the wire
(down to the wire)
Always comes down to the wire
(down to the wire)

I'm so tired of living on that wire

BABY IT'S ALL YOU

Bébé, t'es tout pour moi

Baby, it's all you
Yea, it's all you

Lost in the dance
We give into desire

Babe, I'm on fire

OLD DAYS

Old days
Old ways
Things are not the same

Time frays
My mind strays
The evanesce of the flame

Slow fade
Love conveyed
Bittersweet memories
Amends made
Grateful praise
A voice amongst the trees

Old days
Things are not the same
Old ways
Things are not the same

RIVER OF TEARS

All those knights
In all those years
Rusted away in a river of tears
Now you lock yourself in fortress of fear
And never see the sun

But I'll love you like there's no tomorrow
I will beg, steal and borrow
That is what I'll do for you, baby
I'll do for you, baby

TRUTH

We scratch and fight to learn
Where in this heaven our truth is
But will the years all burn
Before we look we look where our youth is

The dove is not distressed
For the truth of why or when
Her truth is food and rest
So she can fly again

Embarrassed now by all that hair
Young and foolish we declare
Didn't know what the game was
Still our aim was true

We took the world and made a fuss
But now the world has taken us
We are beaten but we're learning what to do

The truth

We knew it in our youth

LIKE MINDED SAVIORS

Calling out to all my neighbors
Rise and save our wonderland
You and I like minded saviors
Raise your voice we'll take a stand

Calling out to all my neighbors
Rise and save this promised land
You and I like minded saviors
Voices strong we'll make our stand

Calling out

ALVAH (IN MEMORY OF ROB MEURER)

Hey my friend
Guess you're in the wind
Finding open places
Where your soul can roam

We miss you so

But we know you know
Your light will shine forever
Here at home

Hey my friend
Guess you're in the wind
Finding open places
Where your soul can roam

I miss you so
But I know you know
Your light will shine forever
Here at home

Hey my friend
Guess you're in the wind
Finding open places
Where your soul can roam

I miss you so
But I know you know
Your light will shine forever
Here for me at home
